Mike,

As I mentioned to you earlier, I requested that the permit fees be reduced this morning. The IED-Investigator will request a fee reduction from the supervisor.

I also spoke with LAFD John Williams. He said that the reason why the charge was so much was that he allocated two Inspectors for your event because you were moving things around last year. I offered to give him Donte as his assistant if he would remove the charge for the second LAFD officer. He agreed. Can you please order him a radio?

Also, he stated that you were moving things around last year. Can you please avoid any changes to the planned layout? I think that will help.

I also sent the following internal messages to the City departments through the internal special events website. Let's see if this works. I can follow up on Thursday midday.

Lorena Parker

Good afternoon, We will not need barricades for this event. All barricades will be provided by the event producer. Please confirm that you will not provide barricades for the event. Thank you.

9/13/2016 | IED-Investigator, DOT Sign Posting, DOT Special Operations, DOT Traffic

Lorena Parker

Good afternoon DOT and Street Maintenance, Please remove all DOT sign postings fees from this permit. It will not be needed for this event. Also, please remove all charges for street maintenance. We have already made arrangements for this service. We would appreciate those charges being removed by Thursday afternoon. Thank you for your immediate attention. Lorena Parker 310-832-2183
